THE HISTORY OF THE NIKE TOUR

Call it fate if you like, but it was inevitable that this TOUR and NIKE would become partners!

After all, when PGA TOUR commissioner Deane Beman first discussed his desire to launch this TOUR in 1988, his plan was met with a certain degree of skepticism.

What was Beman's response to this skepticism?

"Just do it!"

Does that sound familiar?

As 1992 came to a close, Beman's idea for a TOUR that would be a proving ground for young players had completed three successful seasons as the Ben Hogan Tour and stood ready to rise to greater heights.

Enter NIKE and its incredible record of success. NIKE has evolved from a track shoe operation being run out of laundry rooms and car trunks 22 years ago into the world's largest sports and fitness company.

When the announcement of NIKE's involvement was made in August of 1992, Beman stated "we are excited to have NIKE as a partner and involved in golf and we are pleased they'll bring their standards of excellence to the NIKE TOUR. This TOUR has proven to be highly competitive and successful in its brief history. NIKE's commitment ensures it will remain a vital part of the PGA TOUR for years to come."

And did NIKE ever make its presence felt!

During the first year of the partnership, the TOUR held its first-ever international event with a stop in Monterrey, Mexico. The TOUR is now looking north to Canada for a possible tournament site in the near future.

1993 also brought the tour's first-ever NIKE TOUR Championship, a season-ending tournament that featured the top 50 available money winners from the year. David Duval won that inaugural tournament by one stroke over Danny Briggs.

The NIKE TOUR is a collective effort of the PGA TOUR, NIKE, local civic organizations and the PGA of America and its Sections. The NIKE TOUR seeks to discover those players who may have gone unnoticed for lack of financial support or competitive opportunities. Players on this TOUR have an opportunity to hone their skills, compete on a variety of golf courses under different conditions and learn to adjust to life on a competitive tour.

As the NIKE TOUR has grown, it now attracts many former prominent members of the PGA TOUR who have currently lost their exempt status. These players hope to regain their eligibility on the PGA TOUR via one of the ten exemptions awarded to the NIKE TOUR's ten leading money winners.

Two former winners on the PGA TOUR were NIKE TOUR players in 1993 and finished in the top ten to reclaim their PGA TOUR cards for 1994. Curt Byrum won the 1989 Hardee's Golf Classic and Stan Utley won the 1989 Chattanooga Classic. Byrum finished 10th on the '93 NIKE TOUR money list and Utley third.

The stars on the inaugural Ben Hogan Tour (1990) quickly made themselves known on the 1991 PGA TOUR. Jeff Maggert, Scott Gump, Mike Springer, Ed Humenik and Bart Bryant were familiar names on leaderboards all season. However, the biggest impact was made by John Daly, who won the 73rd PGA Championship and finished 17th on the official PGA TOUR money list with \$575,783. The then 25-year-old rookie became the first Ben Hogan Tour product to win an event on the PGA TOUR.

The top players on this tour have all successfully made the transition to the PGA TOUR. The previous player-of-the-year winners, Jeff Maggert (1990), Tom Lehman (1991) and John Flannery (1992) have all enjoyed success on the PGA TOUR. Maggert became the first of the three to collect a win with a victory at the 1993 Walt Disney World/Oldsmobile Classic.

Sean Murphy earned the NIKE TOUR Player of the Year award in 1993. He set records for most wins in a year (4), career wins (5), and most money in a single season (\$166,293).

These professionals, and many other former NIKE TOUR players, are proof that Beman was correct when he said in 1988 that many young golfers could compete at the top level if only they had a proper setting to refine their skills in a true tournament environment.

The original Hogan Tour, with the support of golf legend Ben Hogan and his Hogan Company, surpassed everyone's expectations during the initial 1990 season. The TOUR featured 30 events that brought golf to new markets across the country and was the first major addition to professional golf since the founding of the Senior PGA TOUR in 1980.

Following the 1990 TOUR, the top five players on the money list automatically earned their PGA TOUR cards for 1991. In addition to those five, 22 other members of the inaugural tour earned their '91 PGA TOUR cards via Q-school, totaling 27 players that made the jump from the '90 tour to the '91 PGA TOUR.

Based on the success that NIKE TOUR players enjoyed on the PGA TOUR after the first two years, the number of exemptions granted was increased in 1992 from the top five spots on the money list to the top ten players now earning their cards.

The total purse for the 1990 tour was \$3,050,000, a figure that has risen to approximately \$5,675,000 for 1994. Those are not the figures that Beman derives the most satisfaction.

The numbers that he is most proud of are the total dollars generated for charities by this tour. In 1990, \$968,000 was raised for charity. The total charitable donations thru 1993 exceeds \$5.6 million. Projections for 1994 are that an additional \$2.0 million will be added to that total.

The expectations are these dollars will continue to rise and that as with the PGA TOUR and the Senior PGA TOUR, charity will continue to be the big winner of professional golf.

This tour is enjoying success when many questioned the viability of the concept. Beman's diligence and the enthusiastic support of NIKE will continue to allow the tour's golfers to "just do it" for years to come!

ABOUT THE COMMISSIONER

Deane R. Beman

Born: April 22, 1938

Birthplace: Washington, DC

Family: Wife, Judy; five children

Entering his 21st year as Commissioner of the PGA TOUR, since succeeding Joseph C. Dey, Jr., on March 1, 1974, Deane R. Beman has overseen the most explosive period of growth in the TOUR's history.

During the Beman administration, the "business side" of the PGA TOUR has shown dramatic growth and now includes many heretofore uncharted paths, each designed to help encourage continued prosperity and to ensure the future of the game.

PGA TOUR Golf Course Properties has grown to include 14 Tournament Players Clubs nationally with more clubs in the planning stage across the United States. TPC International was started in 1989 with a Players Club in Japan. The Golf Club of Jacksonville, a municipal course operated by the PGA TOUR for the city of Jacksonville, opened in 1989, followed by the Golf Club of Miami the next year. In addition to providing tournament state-of-the-art facilities, Tournament Players Clubs have been instrumental in the growth of the PGA TOUR assets, which have climbed from \$730,000 to more than \$200 million during the Beman era.

The marketing arm of the PGA TOUR continues to open new opportunities in golf for commercial sponsors and the TOUR's members. Long-term programs with Coca-Cola and IBM that were initiated in 1992 and NIKE replaced the Ben Hogan Company to form the NIKE TOUR in 1993. A new agreement with Anheuser-Busch this year is the latest in a long line of marketing efforts designed for the combined benefit of players, sponsors and charities.

PGA TOUR Partners was started in 1991 to enhance the golf experience for serious fans by giving them a unique, inside look at the PGA TOUR, and providing charitable support to worthy non-profit organizations. Just three years old, the Partners program now includes more than 80,000 members.

PGA TOUR Productions, created in 1985, is the TOUR's in-house TV/audio-visual production entity. Created to produce tournament highlight video films, vignettes, commercials, specialty pieces and the acclaimed "Inside the PGA TOUR," a weekly half-hour show airing on ESPN, Productions added "Inside the Senior PGA TOUR" in 1991.

Other important innovations introduced during the Beman administration include a professional agronomy department, PGA TOUR Statistics Program, electronic scoreboards, "Official Golf Destinations" and establishment of mobile fitness training centers, sponsored by Centinela. Competitively, the Beman era has witnessed the birth of the Senior PGA TOUR, which started with two events in 1980 and has grown to its present 43 events. The NIKE Tour, born in 1990, has been a success by all measures and has provided aspiring professionals with TOUR-like competition as a stepping stone to the PGA TOUR. In all there are 118 tournaments on the combined Tours, and total prize money has increased from \$8.2 million in 1974 to nearly \$100 million for the 1994 season.

The Player Retirement Plan was instituted in 1983 to help provide PGA TOUR members with a stable source of income upon retirement from tournament competition. At the time,

COMMISSIONER...continued

establishment of the plan was viewed as a significant step towards bringing the TOUR closer to the ranks of other "major" sports with respect to player benefits.

Charity easily has been the TOUR's leading money winner during the Beman era. Reaching the \$22.8 million mark in 1993, the American Golf Sponsors and the PGA TOUR have donated more than \$84.7 million in the 1990s alone. In the fall of 1992, the TOUR and the American Golf Sponsors surpassed the \$200 million mark in donations since 1938.

During his active years as a player, Beman established an enviable record, including an outstanding amateur career. He won the U.S. Amateur title in 1960 and 1963 and the British Amateur Championship in 1959. Beman was a member of four Walker Cup teams, four World Amateur Cup teams and three U.S. America's Cup squads.

In 1967, at the age of 29, he left a prosperous insurance brokerage firm in Bethesda, MD, to join the PGA TOUR as a full-time player. During his six-year professional career, he won the 1969 Texas Open, 1970 Greater Milwaukee Open, 1971 Quad Cities Open (unofficial), 1972 Quad Cities Open and the 1973 Shrine-Robinson Classic before hanging up his spikes to become Commissioner in 1974.

NIKE EXCITED ABOUT YEAR TWO ON TOUR

NIKE survived its rookie year on the NIKE TOUR; in fact, thrived thanks to positive response from the players, local golf fans and media at all 30 NIKE TOUR stops around North America.

Great response to a great idea. The NIKE partnership with the PGA TOUR is a twosome that has proved itself on the links. It is a partnership that plays to the respective strengths of the two organizations - all for the benefit of the communities in which the NIKE TOUR events are played. And, of course, for the benefit of golf's up-and-coming players on the TOUR. Everybody wins on the NIKE TOUR.

Perhaps the biggest winners on the NIKE TOUR are the charities in the 30 TOUR cities that share the dollars generated by the TOUR. In 1994, total revenues raised for charity totaled \$2 million, with a good portion going to local Boys and Girls Clubs and other children's related causes.

The ability to reach out and contribute to 30 different cities is a key component for all parties on the TOUR. NIKE TOUR events are played in parts of North America that otherwise might not get to see professional golf "up close and personal." Additionally, many of the best mid-size cities in the country are able to generate deserved attention that goes along with hosting a major sporting event.

For NIKE, the opportunity to become part of the fabric of both the game of golf and the communities that play host to the NIKE TOUR was a key factor going into year one, and remains our prime objective for our second year on the TOUR.

According to NIKE Chairman and CEO Philip H. Knight, "the typical benefits of sponsorship are much less important to NIKE than the chance to be associated with what the game of golf is all about. Over the years, we have found that our business has performed better when we have been closely involved on an emotional level with the fabric of a particular sport."

Looking ahead to 1994, Knight sees a thriving NIKE TOUR; a series of stellar competitions featuring future PGA TOUR stars. "The NIKE TOUR is really a proving ground for all involved. Tour hosts and organizers, sponsors, local media and, of course, the players all play key roles in growing the great game of golf."

So, dust off the clubs, lace up those new NIKE waterproof golf shoes and hit the range and practice green. Year two on the NIKE TOUR is underway!

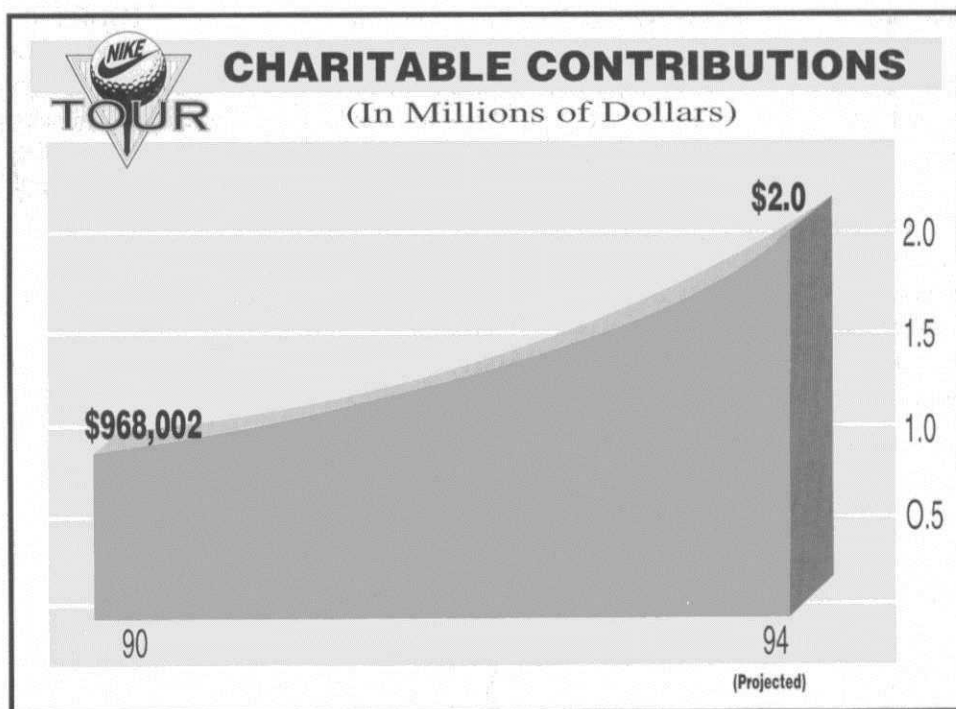

For additional information on NIKE, contact Keith Peters (503) 671-6453.

NIKE TOUR CONTINUES COMMITMENT TO CHARITY

The NIKE TOUR has provided hundreds of talented golfers with an opportunity to hone their skills in a competitive environment as they waited for the chance to propel their careers to golf's highest level, the PGA TOUR.

However, as is the case with the PGA TOUR, charity is the leading money winner on the NIKE TOUR. The NIKE TOUR has generated more than \$5.6 million for local charitable organizations in the first four years, add the 2.0 million projected for '94 and the 5 year projection rises to \$7,600,000. Beneficiaries of tournament proceeds range from the Boys and Girls Clubs of Knoxville, TN to the Ronald McDonald House of the Ozarks in Springfield, MO.

"We are pleased that the success of the NIKE TOUR has benefitted charities," said Deane R. Beman, PGA TOUR Commissioner. "After only four seasons, NIKE TOUR events have already begun paying dividends in the communities where they are held. It's a positive situation for everyone where the NIKE TOUR continues the PGA TOUR's commitment to charity."

NIKE TOUR MARKETING

Jeff Maggert was named the inaugural Player of the Year after leading the money list and winning two times in 1990.

TRUCKS CREATE TOURNAMENT ATMOSPHERE

A major task of the 30 sites hosting 1994 NIKE TOUR events is to create an environment for players and fans that is remarkably similar to that found at a PGA TOUR event.

Leading the way in this effort is the Tournament Services Truck which is operated by the PGA TOUR Promotions Department.

The staff has a customized 18-wheel tractor-trailer truck provided by Ryder systems to carry equipment to each of the 30 tournament sites. PGA TOUR, NIKE TOUR and Ryder corporate logos are featured on the vehicle which was prepared by the Winston-Salem, NC based J.D. Bruhn Special Event Productions. In addition to an air-conditioned room for the innovative computerized scoring system, the truck houses a storage area for leaderboards, walking standards, quiet signs, caddie bibs, flagsticks, radios and other equipment.

The Promotions Department also supervises the training of volunteers at each tournament, as well as the operation of other equipment carried on the truck.

The primary staff members handling these chores on the Tour are Steve Horner as manager, Chris Murray, and Lee Kaplan.

The NIKE Tour features a multipurpose tournament services truck.

MERRILL LYNCH SHOOT-OUT SERIES

The Merrill Lynch Shoot-Out series enters its third exciting season on the NIKE TOUR in 1994 with eight events scheduled.

A favorite event of golfers and fans alike, each of the first seven Merrill Lynch Shoot-Outs has a total purse of \$3,500 that pays \$1,000 to the winners.

What is a Shoot-Out on the NIKE TOUR? The format is easy and a pleasure watch. In the first seven Shoot-Outs, twelve players are divided to six two-man teams competing over five holes. Teammates play alternate shot with the team claiming the highest score eliminated from the field.

If there is a tie, those teams involved participate in a sudden death playoff where a pitch shot, a chip or a long putt is executed to eliminate the team farthest from the hole.

The event's format and purse at the NIKE TOUR Championship changes significantly. The top ten players on the year-long tour money list will compete individually for a \$3,000 winner's share of the total purse of \$10,200.

In last year's competition, Sean Murphy and John Morse were the only two-time winners. Morse won the individual competition at the NIKE TOUR championship to claim the \$3,000 check.

The Merrill Lynch Shoot-Out has been a hit on the PGA TOUR for the past eight seasons where leading PGA TOUR players will compete at 18 different PGA TOUR events in 1994 with the weekly winners collecting \$5,000 from the \$15,000 purse.

MEDIA REGULATIONS

THE GENERAL REGULATIONS

The following regulations are to be followed by *all* members of the Media:

1. An **ARMBAND** is *necessary* to walk inside the galley ropes. Stay within an arm's length of the ropes, so as to blend into the gallery and appear to be part of the gallery at all times.
2. Players are not to be distracted during play. **DO NOT** interview players or ask them to pose for photographs during their round.
3. **DO NOT** interview players or ask them to pose for photographs during their practice sessions prior to their round except by prior arrangement with the player.
4. If an interview is to be conducted in the practice areas, either the range or the putting green, it must be done by **PRIOR ARRANGEMENT WITH THE PLAYER** and up against the ropes and **NOT** in the middle of the areas where it could be distracting to other players.
5. **DO NOT** disturb players at their 18th green and/or scoring tent until after they have checked, signed and returned their scorecards.

WORKING PRESS REGULATIONS

To avoid embarrassment to you and distraction to the contestants:

1. Do not walk or stand in playing areas.
2. Follow directions of marshals and other officials.
3. Do not interview during play. The leading players each day—and others requested—will be interviewed following their rounds in the Media Room interview area.

TAPE RECORDER REGULATIONS

1. All tape recorder work should be done in the proximity of the Media Room and/or Clubhouse.
2. Tape recorders are **NOT** permitted in the locker room.
3. Tape recorders are **NOT** permitted within the playing area of the golf course unless written permission has been granted from the PGA TOUR and/or the tournament sponsor.

RAIN DELAY GUIDELINES

1. During rain delay situations, **NO ONE** other than players and essential staff will be permitted in the locker room. This means the Media is not permitted in the locker room in such situations. However, whenever possible, arrangements will be made to provide players for interviews during such situations.
2. Fully accredited members of the news media **WILL BE WELCOMED** into the locker room at all other times to carry out their assigned duties. (Note: Cameras and tape recorders are **NOT** permitted.)

This Tournament is essentially for the players and spectators. Fair play requires that there be no noise or distractions. The interests of all others must be subordinated to the player's interests. The result of any one shot could decide the Tournament.

Only **ACCREDITED PHOTOGRAPHERS** for **RECOGNIZED NEWS MEDIA** will be permitted to take pictures during the Tournament. Photo assistants may be issued a credential, but not photo arm bands for access inside the ropes. Photography will be restricted to news use. Commercial and personal photography is prohibited (except that spectators may take pictures on practice days and during a Pro-Am). Free lance photographers shooting on speculation will **NOT BE ACCREDITED**.

The following regulations apply to accredited news and television photographers and videotape cameramen as a condition of the privilege of taking pictures:

PHOTOGRAPHY REGULATIONS

GENERAL—ALL PHOTOGRAPHERS

- Photography will be restricted to NEWS use only. COMMERCIAL and PERSONAL photography is prohibited (except that spectators may take pictures on practice days and during a pro-am). Freelance photographers shooting on speculation WILL NOT BE ACCREDITED.
- A photographer must not ask a player to pose or in any way verbally distract a player during a round.
- If a player or an official requests that no photographs be taken in a certain situation, the request must be honored immediately, without discussion.
- A camera must not be pointed at a player about to make a stroke in any manner which might tend to disturb him or distract his attention.
- At the 9th and the 18th greens, photographers must not approach, delay or distract a player until he has checked, signed and returned his scorecard to the proper official. Under the Rules of Golf, a player turning in an incorrect scorecard in stroke play may be disqualified.
- Cameras are not permitted in the locker room.
- Use of golf carts or other means of transportation on the course during tournament play is prohibited.

STILL PHOTOGRAPHERS

- Only still photographers to whom armbands have been issued will be permitted inside gallery ropes. They must station themselves immediately inside such ropes, and not more than an ARM'S LENGTH FROM THE ROPES, so as to blend into the gallery and appear to be part of the gallery. They must not take conspicuous positions in the open. Any photographer who violates this regulation will forfeit the right to working inside the ropes and possibly to work at the tournament.
- Close-up action shots are prohibited.
- All pictures must be taken at appreciable distances, as far from the players as possible and from angles which are not acute to the line of play.
- When working at a green, photographers must not position themselves directly in a player's putting line.
- Pictures, even from a distance, may not be made until the player has completed his stroke. The photographer must not release his camera shutter until the shot is made.

TELEVISION/VIDEOTAPE CAMERAMEN

- Television and videotape filming may be done from inside the gallery ropes, or from areas approved by the PGA TOUR. All camera personnel who have been issued PHOTO armbands will be permitted inside the gallery lines but this does not include other members of the crew. Camera personnel must station themselves immediately inside the gallery lines, not more than an arm's length from those lines, so as to blend into the gallery. They must not take conspicuous positions in the open.
- The only EXCEPTIONS to the above regulation concern workers from the presenting network, or PGA TOUR Productions who have greater liberties in filming the event. Only these two groups will be allowed to move freely inside the ropes.
- Filming may be done from the locations described above during a player's stroke, provided modern equipment that produces a minimum of noise is used.
- Post-round interviews must be filmed far enough away from the arena of play to eliminate the possibility of distraction to those competing.

Difficulties will be avoided if photographers are fair and will treat players as they themselves would wish to be treated in similar circumstances.

The cooperation of all photographers will be appreciated.
